

Record Group 14
U. S. Railroad Administration

Correspondence of the Regional Director, 1917-1920
National Archives Identifier 4504524

This series contains incoming and outgoing correspondence of Regional Director, B. L. Winchell, concerning railroad operations in the Southern Region. Included in the correspondence are contract agreements with trunk railroad lines and industrial railroad lines, salary negotiations and agreements, material classification documentation, and supply and rental agreements. Also included in the series are numerous files relating to the operations of the Western Pacific Railroad.
